

## About Us

OfBusiness is a technology-led B2B platform focused on accelerating the growth of India's SMEs through an integrated commerce and financing ecosystem.

The platform helps SMEs with better raw material purchase and revenue generation opportunities. SME Customers get access to competitive rates, best in class delivery times, live tracking and fully tested and packaged as per their requirements while SME Suppliers to OfBusiness benefit from scaled and consistent demand. Today, OfBusiness operates across 4 categories, ie, metal, chemicals, apparel and food processing with in-house manufacturing and processing capabilities

Oxyzo, the financial services arm of the OfBusiness group, provides working capital solutions to Indian SMEs, both for buying of raw materials and for other growth needs. It does so across 40+ SME clusters in India.

BidAssist is an AI-powered opportunity intelligence that scans the market, reads procurement signals and surfaces opportunities of government tenders for Indian SMEs. 1.7M+ SMEs use Bidassist today for their revenue generation needs. All the three solutions as above work in tandem to catalyse growth for SMEs in India.

OfBusiness and Oxyzo were founded by 1st generation entrepreneurs and is headquartered in Gurgaon, Haryana, India.
